Sorry for the cryptic email. I was on the phone to Sarah and she mentioned there was this other document for the briefing. A diagram that you will find interesting Kim as it is about legal risk. I think it is a little vague. Not sure how to comment on it.

I asked Sarah what the purpose of the briefing was. She said it was to "provide Denise with recommendations and update her on the status of the TMDL". Then she likened it to ourselves briefing Opalski, saying that Denise has not previously been briefed on this.
